

PROPOSAL OF AN OUTLINE FOR THE CAR CLEANING BUSINESS COURSE

Module 1: Vision & Foundation Setup

- Understanding the Total Klean model
- Choosing your entry point: mobile, workshop, combo
- Initial mindset: not a hustle—it's infrastructure
- Core principles: cleanliness, consistency, credibility

Module 2: Site Selection & Physical Setup

- Criteria for workshop location
- Layout planning: washing zones, waiting areas, admin office
- Water, drainage, electricity logistics
- Building vs renting
- Legal compliance checklist (local adaptation)

Module 3: Service Model Implementation

- Core services: interior, exterior, engine
- Standard Operating Procedures (SOPs) for each service
- Time benchmarks and job card systems
- Service quality checklist

Module 4: Equipment, Products & Supplier System

- Minimum viable tool list
- Professional-level tool upgrade list
- Product selection strategy (efficacy, cost, reliability)
- Supplier selection, delivery management

- Stock control and restock automation system

Module 5: Staffing & Team Structure

- Required staff per workshop (washers, accountant, lead)
- Job descriptions and task breakdown
- How to train: day-by-day orientation plan
- Worker motivation and discipline system
- Payroll and shift strategy

Module 6: Admin & Financial Control

- Accountant role setup
- Daily income/expense system
- KPI tracking sheet: revenue per car, average time per wash
- Weekly report templates
- Fraud prevention protocols

Module 7: Multi-Workshop Management System

- How to scale from 1 to 2 workshops
- Workshop-level autonomy vs central oversight
- Manager role design
- Inter-location communication
- Centralized vs local purchasing decisions

Module 8: Tracking, Reporting & Optimization

- Creating your own Google Sheet dashboard
- What to track: #cars/day, revenue, staff hours, cost breakdown
- Operational audit checklist
- Monthly evaluation method

Module 9: Branding, Media & Marketing Team Setup

- What your media team must produce weekly
- Google Business setup & location strategy
- Photo/video system: before-after, timelapse
- Simple content calendar for social
- Paid marketing (boosting) vs organic push

Module 10: Launch Blueprint & Timeline

- Exact steps: Day 0 to Day 90
- Hiring, training, equipping, promoting
- Opening day checklist
- Soft launch vs hard launch
- Expected ROI timeline

Bonuses:

- Total Klean documents (anonymized): job cards, inventory sheet, checklist templates
- CEO Interview: lessons, mistakes, hard truths
- Tool and product supplier list
- Editable business plan doc
- Marketing asset pack: photos, promo scripts

PRICINGS:

TIER 1: STANDARD – \$197

- Full course access (video + docs)
- Templates and SOPs (Standard Operating Procedure)

TIER 2: PRO – \$497

- Everything in Standard
- 3x Zoom Q&A calls
- Feedback on business plan draft
- Private group access (WhatsApp/Telegram)

TIER 3: ELITE – \$997

- Everything in Pro
- 1-on-1 coaching (3 sessions)
- Launch review + strategy consult
- Custom implementation calendar
- Certificate with Total Klean signature branding

Alternative:

If selling only one version: \$497 flat

Position as: “One-time payment to build a full business system”

Key anchor: Frame against startup cost of actual workshop which is between \$2,000–\$10,000.
Course = Fraction of that, but prevents 5-figure mistakes.
